

# 2019 BOLT EV

240-volt charging capability comes standard. With it, if you drive an average daily commute of 40 miles, you could fully replenish the battery in less than 2 hours.

**BUILT AT:** Orion Township, Michigan<sup>1</sup>

**EPA VEHICLE CLASS:** Small Wagon

### NEW FOR 2019

- Exterior colors: Green Mist Metallic, Slate Gray Metallic and Shock
- Tire Fill Alert

### VEHICLE HIGHLIGHTS

- Two trim levels available: LT and Premier
- Drive system uses a single, high-capacity electric motor for propulsion
- The motor is capable of producing up to 266 lb.-ft. (360 Nm) of torque and 200 hp (150 kW) of motoring power, enabling 0-60 mph in 6.5 seconds
- Power delivery is controlled by Electronic Precision Shift system
- The Bolt EV's advanced 60 kilowatt-hour lithium-ion battery pack is made up of 288 individual cells
- Available DC Fast Charging system enables the battery to be charged up to 90 miles of range in 30 minutes (outside temperatures may affect charging time)
- Regen on Demand allows you to convert kinetic energy into energy stored within the battery for future use. A simple pull and hold of the Regen on Demand paddle on your steering wheel can decelerate your vehicle and store energy for future use
- One Pedal Driving. While driving in Low mode at any speed, One Pedal Driving lets you speed up and slow down using only the accelerator pedal. When you want to speed up, press your foot down like you normally would. And when you want to slow down, just lift your foot off the accelerator. One Pedal Driving helps you capture some of the energy from the moving vehicle and turns it back into electrical energy which is then stored in the battery. Of course, you should always use your brake pedal if you need to stop quickly
- 10.2-inch-diagonal color touch-screen display with "flip-board" operation
- "Floating" instrument panel and multipurpose, connected center console – offers wireless phone charging<sup>5</sup> and a compartment large enough to stow a tablet device
- Comfort and Convenience Package is available on LT and included with Premier. Content includes heated front seats, automatic heated steering wheel, leather-wrapped steering wheel and auto-dimming inside rearview mirror
- Built-in Wi-Fi<sup>®</sup> Hotspot with available 4G LTE data (3GB or 1-month data trial)<sup>6</sup>

### SAFETY FEATURES

- Ten standard air bags<sup>7</sup>, standard Rear Vision Camera<sup>4</sup> and Tire Fill Alert
- Surround Vision<sup>4</sup> and Rear Camera Mirror<sup>4</sup> are standard on Premier
- Driver Confidence Package<sup>4</sup> is available on LT and included on Premier. Content includes: Lane Change Alert with Side Blind Zone Alert, Rear Cross Traffic Alert and Rear Park Assist
- Driver Confidence II Package<sup>4</sup> is available on LT and Premier and includes Low Speed Forward Automatic Braking, Lane Keep Assist with Lane Departure Warning, Forward Collision Alert, Following Distance Indicator, Front Pedestrian Braking and IntelliBeam headlamps

<sup>1</sup>From globally sourced parts. <sup>2</sup>Your actual range will vary, based on several factors, including temperature, terrain, and driving. <sup>3</sup>Charging rate varies based on output of the charge unit, vehicle settings and outside temperature. <sup>4</sup>Read the vehicle owner's manual for important feature limitations and information. <sup>5</sup>The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. To check for phone or other device compatibility, see [my.chevrolet.com/learn] or consult your carrier. <sup>6</sup>Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See onstar.com for details and limitations. Properly equipped vehicles receive 1 month or 3GB of 4G LTE data (whichever comes first). Availability subject to change. <sup>7</sup>Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See your vehicle Owner's Manual for more information. <sup>8</sup>Cargo and load capacity limited by weight and distribution.

**EPA-ESTIMATED RANGE<sup>2</sup>**

**238 MILES ON FULL CHARGE**

### BATTERY SYSTEM & ELECTRIC DRIVE

BATTERY TYPE	Rechargeable energy storage system comprising multiple linked modules
CHEMISTRY	Lithium-ion
CELLS	288
ENERGY	60 kWh
DRIVE TYPE & MOTOR	Single motor and gearset with permanent magnetic drive motor
POWER	200 hp / 150 kW

### CHARGING TIMES<sup>3</sup>

120 VOLT	4 miles / 6.4 km of range per hour
240 VOLT	Full charge in 9.5 hours
DC FAST CHARGE	Up to 90 miles in 30 minutes

### CHASSIS & SUSPENSION

FRONT	Independent MacPherson strut-type with direct-acting solid stabilizer bar
REAR	Compound crank (torsion beam) with coil springs
STEERING	Column-mounted electric power steering
BRAKES	Four-wheel disc with ABS; electro-hydraulic; partially regenerative
WHEELS & TIRES	17-inch aluminum with Michelin Energy Saver A/S 215/50R17 all-season tires

### EXTERIOR

WHEELBASE	102.4 in.	LENGTH	164 in.
WIDTH	69.5 in.	HEIGHT	62.8 in.

### INTERIOR

	FRONT	REAR
HEADROOM	39.7 in.	37.9 in.
LEGGROOM	41.6 in.	36.5 in.

### CARGO & CURB WEIGHT

MAX CARGO ROOM <sup>8</sup>	56.6 cu. ft.
EPA PASSENGER VOLUME	94.4 cu. ft.
CURB WEIGHT	3563 lbs.
